“ *Dearest family,  
So sorry about Bill's passing. Although I didn't know him as a grown man, husband, father and grandfather, I'm sure he had the same love for all as his parents had. I see the same loving eyes as his father, my Uncle John had. Growing up, I always felt loved and contented when I was with Aunt Jean and Uncle John. May beautiful memories bring peace to your hearts.*

“ *Bill*  
*Always enjoyed when you would stop by for a cup of coffee and a conversation. We would talk about currant highs to the grandkids. We can't imagine how much you're going to be missed. We love you so much and now you're not going to be coming to that door anymore it will be a big void in our life. For me the 60 plus years in our lives together you have been a brother to me that I never had. From our younger wild days up till our laid back being grandparents days it's been one hell of a ride. Cindy always enjoyed the laughter you created and when you were kid's you were the sneaky one you got away with everything LOL. Nothing but good memories.*

*So brother until we meet again. We both love you dearly.  
Love Cindy and Ray.*
